

Thoughtfully Structured. Naturally Balanced.

From engaging group play to natural rest, each day is thoughtfully designed around your pup's needs. With small, well-matched groups and a team that truly understands dog behavior, we create an environment where dogs feel confident, balanced, and excited to return.

A Balanced & Structured Day

These are key moments in your dog's day, while thoughtful supervision, guidance, and engagement are happening continuously throughout.

What's Happening Throughout the Day

Continuous supervision and hands-on guidance from our team

Small, thoughtfully-matched playgroups based on personality, play style, and comfort

Routine that allows for a natural rhythm of activity, rest, and enriching outlets

Regular wellness checks to monitor behavior, comfort, and energy levels

Controlled & intentional transitions during group rotations between play areas

Daily life skills woven into play: recall, gate boundaries, group sits, and basic manners

More Ways We Support Your Pup's Day

Here's more of what sets Take Five Dogcare apart and what you can expect at your pup's day of daycare.

Our Approach to Group Play

At Take Five, dogs are placed in small, well-balanced groups where play is guided, safe, and appropriate for each pup. Groups are intentionally matched and thoughtfully adjusted throughout the day to match energy levels, play styles, and comfort. We create space for pups to:

Build confidence at their own pace

Take breaks when needed

Engage in play that is safe and enjoyable

Life Skills We Practice Daily

Daycare is more than play- our team incorporates positive life skills into everyday interactions to help pups continue to be their best selves.

Practicing patience and impulse control at doors and gates

Strengthening reliable recall in a fun, rewarding way

Building focus and calm behavior in group settings

Encouraging polite and respectful interactions with people and other pups

Enhancing Your Pup's Day

For pups who benefit from a little extra support, we offer thoughtfully designed enrichment experiences to support mental stimulation, confidence, and overall well-being.
